

## The Impact of Teaching on Voice in Mono- & Multilingual Teachers: A Pilot Study

The Lab of Applied Voice Analysis at University of Arkansas - Fayetteville is conducting research exploring how vocal function is impacted in teachers speaking and working in one or multiple languages.

### WE ARE RECRUITING:

- **TEACHERS** (preschool, primary school, middle school, high school, college)
- Older than 18 years
- Working in the United States

### WHAT WILL YOU DO?

You will be asked to **fill out a questionnaire** online, which will take about 30 minutes. There are **minimal risks** involved in this research.

### INTERESTED? QUESTIONS?

Contact Dr. Zoë Thijs on [zthijs@uark.edu](mailto:zthijs@uark.edu) or Dr. Matthew Dumican on [matthew.dumican@wmich.edu](mailto:matthew.dumican@wmich.edu).
